

Calibration Technologies

Electronic Capabilities:

AC & DC Current Meters - clamp and direct
AC & DC Current Recorders
AC & DC Voltage Meters
AC & DC Power and Watt Meters
Battery chargers
Capacitance Meters
Counters
Current Transformers
Data Loggers
Decade Boxes - resistive, inductive, capacitive
Dielectric Breakdown Testers
Digital Panel Meters & Indicators
Electrical Testers
ESD Testers
Frequency & Time
Function Generators
Ground Bond Testers
High Voltage Probes
Hi-Pots
Impedance
Inductance
Leakage Current Testers
LCR Meters
Loop Calibrators
Meggers
Multimeters
Oscilloscopes
Panel Meters
Power Supplies
Process Calibrators
Resistance
RPM Indicators
RTD's
Scope Meters
Shunts
Signal Generators
Stop Watches
Timers
Transducers
Transmitters/Wrist Strap /Shoe Testers

Medical Capabilities:

Blood Pressure Simulators
ECG Simulators
Safety Analyzers
Electrosurgical Analyzers
Instrumentation Amplifiers
Patient Simulators

Pressure Capabilities:

Air Data Test sets (Altitude & Airspeed)
Low Pressure Gauges
Manometers
Pressure Calibrators
Pressure Gauges 0 - 15,000 PSIG
Pressure Regulators
Pressure Transducers
Pressure Switches
Ultra High Vacuum Transducers
Vacuum Gauges
Compound Pressure gauges

Thermo Capabilities:

Baths
Dry Block Calibrators
Environmental Chambers
Freezers
Humidity
Infrared Temperature
Ovens
Soldering Irons
Temperature Calibrators
Temperature Controls
Temperature Probes
Temperature Recorders
Thermocouples
Thermometers - Analog
Thermometers - Digital
Thermometers - Glass

Dimensional & Mechanical Capabilities:

Balances
Cable Tensiometers
Calipers - dial, electronic, vernier
Clinometers
Dial Indicators
Depth Gages
Force Gages
Gage Blocks
Hardness Testers
Height Gages - dial, electronic, and vernier
Levels
Micrometers - inside, outside
Optical Comparators
Protractors - analog & digital
RPM Indicators
Rulers
Scales
Sine Plates
Sine Bars
Snap Gages
Spring Scales
Strobometers
Surface Plates
Tachometers - contact and photo
Tension Testers
Test Fixtures
Torque Drivers
Torque Wrenches
Torque Multipliers
Torque Analyzers and Load Cells
Transducers

Most of our capabilities are available for **On-site Calibration** at your facility.

Our capabilities are continually expanding. Call us if your equipment does not appear on our lists.

Certificate No. 2810-01

Please check our A2LA scope for all accredited items

CALIBRATION and REPAIR for a wide range of Dimensional, Mechanical and Electronic Equipment

17025:2005 Accredited

4157 Park
Boulevard
Louisville, KY
